

# CoinLOK®

## THE WORLD'S FIRST (AND STRONGEST!) PLASTIC COIN BAG

Used every day by major armored couriers and banks, CoinLOK provides the convenience of a single-use bag while matching the strength of many reusable bags. CoinLOK fits all major coin counters and sorters, improving the efficiency and security of your coin processing.

### BENEFITS

1. Exceptional durability, secure tamper-resistant closure, and a reinforced handle capable of withstanding up to 100 lb drop test.
2. Vault Process Certified (VPC) film contains unique additives that allow for thinner walls without sacrificing the strength of thicker bags. The result is a lighter bag that saves money on shipping weight and has a lower impact on the environment.
3. Specifically formulated to withstand the vigor of cash vault and armored truck environments, filled bags can be palletized without the risk of sliding and bursting.
4. GS1 barcodes for Cash Visibility compliance and allowing for greater transparency and efficiency throughout the entire cash cycle.

### FEATURES THAT PREVENT THEFT

#### Strong Construction

Known as the world's strongest coin bag, CoinLOK's exceptionally strong construction significantly reduces the risk of breakage, ensuring maximum durability and reliability.

#### Tamper-Resistant Closure

CoinLOK's adhesive spans the entire width of the bag, and combined with its fold-over closure, it ensures there are no vulnerable openings, making contents completely secure.

#### Unmatched Handle Strength

The reinforced die-cut handle, combined with triple-ply film, withstands a 100 lbs. stretch test, ensuring superior strength and durability for secure handling.

#### Low Slip Surface

The low-slip surface design ensures easy and secure stacking, preventing slippage and enhancing overall efficiency in handling and storage.

### FEATURES THAT IMPROVE CASH HANDLING

#### Fed-Required Labeling

Includes federally required labeling and writing areas for compliance and easy identification.

#### Large GS1 Compliant Barcodes

Multiple large serials and GS1 compliant barcodes for easy scanning and tracking

#### Vault Process Certified

Ensures consistency in performance, stronger plastics & lower weight.
